

## We have turned 40!

**This month marks our 40 year anniversary of being in business.**

Our Managing Director, David Hack, founded the business in Adelaide way back in 1976. We have seen so many changes since then, as both the business world and the world generally moved in many directions. As a business we have evolved many times and will continue to do so to meet the challenges and opportunities afforded by the marketplace.

Winyu House, ACT

Neura Science Research Australia, NSW

Over the 40 years we have had the pleasure of working with some terrific customers and witnessing our products find their way into some truly wonderful buildings.

We are proud to be associated with those projects.

May Holman Centre, WA

Neway Designate, Qld

With the next generation of the Hack family taking the reins at Spectrum, we look forward to working with many more terrific customers and being a part of some fascinating projects.

We would like to take this opportunity to thank our valued customers, staff and suppliers for being an integral part of our 40 year journey – thank you!

Kind regards,  
The Spectrum Team

## Our Mission

**To be the trusted source of quality flooring and accessories, supported by eminent know-how.**

### Background on Spectrum Floors

- After 14 years of floor contracting, David Hack decided there had to be a better way as there was no single manufacturer who was right for every project. So, David began Spectrum Floors source high quality products from various international suppliers. Our primary source of floor coverings is Europe – particularly Germany and Italy as they are world leaders in quality, style and design.
- Additionally, in 1982 we began manufacturing NUWAY entrance matting and in 1988 we began manufacturing stair nosings previously known as FERODO.
- Our range today includes rubber, vinyl and sport flooring, entrance matting, stair nosings and trims. We also supply a range of superior adhesives and floor maintenance products.
- Spectrum remains a family owned and operated business, wholly Australian owned and based on personal service with honesty and integrity.
- Our products are installed in educational, healthcare and public buildings from Cairns to Perth and everywhere in between!
- We started dealing with Mondo (Artigo) rubber flooring in 1984
